

PILLOW MENU

Here at Ness Walk Hotel we strive to help you achieve the most relaxing, comfortable night's sleep.

Our beds are made with duck feather and duck down pillows as standard however, should you require an alternative to help aid your calming sleep please see our following options available.

Memory Foam Pillow – Aimed to help provide support, relief of pressure points, and promote spinal alignment, reducing neck pain and improving sleep quality, especially for back and side sleepers.

Hypoallergenic Pillow – Aimed to help alleviate symptoms like sneezing, itchy eyes, a runny nose, and cough, particularly if you find your allergies are worse upon waking. These are particularly beneficial for asthma and eczema sufferers.

Copper Infused Pillow – Designed to help encourage collagen production. Copper fibres are naturally antibacterial, helping reduce skin irritants and breakouts for a fresher feel, to help reduce the feel of wrinkles as you rest.

Cool Down Pillow – Aimed to help regulate body temperature for hot sleepers using materials like gel-infused memory foam, breathable fabrics, and phase-change materials to help dissipate heat.

Buckwheat Pillow - The natural, 100% organic buckwheat husks help mould to the shape of your head, neck and upper shoulders offering unparalleled support and comfort, while the gaps between the buckwheat allow air to flow freely keeping your head cool through the night.

Pregnancy Support Pillow – Aimed to help ease back pain whilst helping cradle and support your bump as you rest.
